

GeoLite® is an environmentally friendly play pad designed for playground applications.

### PLAY PAD COMPOSITION

The GeoLite® Play Pad is made from 100% non-contaminated postindustrial cross-link closed cell polyethylene foam waste; a 100% recycled polyester nonwoven geotextile is laminated to the foam.

### ENVIRONMENTALLY FRIENDLY

GeoLite® does not contain any toxic substances, nor are any such substances used during the manufacturing process. GeoLite® is inert, environmentally friendly, resistant to mold and most chemicals including petroleum products and complies with US drinking after quality NSF 61 test.

## A PROFESSIONAL ENGINEERING FIRM

Geo-Surfaces is one of the few companies in the USA that offers in-house “turn key” sports lighting and sports surfacing. We are a licensed Professional Engineering Firm, Electrical Firm, General Contractor and Construction Manager that can offer complete construction and installation of FIFA, IAAF and ITF Approved Surfaces while also offering full design and installation of our Sports Lighting technologies.
