

GEOGROOMER

The GeoGroomer is designed to sweep up light debris from the turf surface without displacing infill material.

It's the perfect choice for keeping your synthetic sports field clean, safe and ready for action.

- **Fast and Effective Debris Pick-Up**
- **Recirculation of Infill Material**
- **Ground-Driven for Low Maintenance**
- **Easy Clean-Up and Wash Down Safe**
- **Magnet for Ferrous Objects**

With dual 12-volt vibrators in the collection baskets, the GeoGroomer quickly and easily redistributes infill while retaining sports field debris like paper, pen & pencils, rocks, shoe spikes, athletic tape and sunflower seed shells. The collection baskets have a brushed aluminum finish and easy access doors for clean-out.

The GeoGroomer is also equipped with a tow-behind magnet for pickup of unwanted ferrous objects.

The powerful 6-foot unit pulls objects from deep in the surface into the magnet — keeping dangerous objects like track spikes, bobby pins, safety pins and nails out of the infill material.

SPECIFICATIONS*

Model	760
Frame Width	73" All steel construction; 91" with wheels
Drive Mechanism	Direct drive gear with rigid gear guards
Draw Bar	56" x 3" diameter aluminum with adjustable hitch
Length	36 inches (72 inches overall including the draw-bar)
Height	20.5 inches
Overall Depth	42 inches
Basket	31"L x 35.5"W x 9"D perforated and removable
Wheels	(2) 4 Bolt 4.80 x 12 pneumatic with bearings
Finish	Powder coat with 6-step pre-wash including de-greaser and anti-rust coating
